SCREW CONVEYORS

Features and benefits:

Effortlessly moves product from grinder to mixer. Variable speed drive for better product control. Exit chutes, entry height, length and width designed to customers specifications. Produced and constructed from 300 series stainless steel with AMI's Sanitation Equipment Design Principles and ease of cleaning in mind. Ergonomic employee stands, drip pans, and VFD's, are just some of the options available.

Construction:

Standard features include all TIG welded framework, adjustable legs, composite bearings, square stainless steel shafts, and stainless steel wash-down motors. Each conveyor is custom designed to your individual needs.

Description:

All our conveyors are manufactured and designed with endurance, sanitation, maintenance ease and production needs in mind.

ALL PRODUCTS AND SERVICES CARRY A 100% SATISFACTION GUARANTEE FOR QUALITY, DURABILITY AND RELIABILITY.
